why is it that a memory always seems to quell that old disease known as age? i wonder what memory i can look to as an anecdote for my affliction. will it be kent state, or maybe tommy prothro? what will i remember about isla vista or angela davis, or how long will it be before i cant recall john wooden's name?
on these pages there are memories admitted, some are more difficult to relate to than others, i... ... 'navy' is a word we'll all get tired of.
was it a good year for remembering? i think i'm going to be sick

Peace Strike

April 12, according to the Los Angeles Times, was to be a day of danger and excitement. The occasion was the national strike for peace, called for 11 o'clock for all students in the nation. At 10 a.m. four newsreel cameras, mounted on tops of sedans, appeared on the campus. A miscellaneous assortment of reporters and photographers lurked under every bush, and the campus cops were all disguised by wearing their civilian clothes. At 1 p.m. [illegible] students held an earnest mass meeting in a vacant lot [illegible] Hilgard Avenue.

According to the Daily Bruin [illegible] other students waited hopefully for [illegible] disappointed. It is presumed that the [illegible] cameramen, and cops went home in [illegible]

Ran out of Gas

Regent Edwin W. Pauley is a graduate of the Berkeley campus, where he received a B.S. degree in 1922 and an M.S. in 1923. But he almost went to UCLA.

As he tells the story:

"In 1919, my brother and I set out from our home in Pasadena in a Model T. Ford, intending to enroll as students in the new Southern Branch on Vermont Ave.

"Along about Eagle Rock, the Model T. began to sputter and cough, and finally ran out of gas not far away from Occidental College. So, we decided to enroll there, later going to Berkeley.

"Otherwise we might have been UCLA Alumni"

Tommy Trojan is Blue

Tommy Trojan is blue — literally.

Four students told the Daily Bruin Friday morning they veared the statue with seven balloons filled with Bruin-blue enamel paint.

Although they were caught by USC campus police, they managed to stain Tommy's face, shield, and legs in front of 20 fraternity members guarding the statue.

But, in order to allay suspicion, they had to help make the USC floats, play football with the guards, join in denouncing the Bruins and help guard the statue.

The four pacified the guards for four hours, until 2:15 A.M. Friday when they unloaded half of their ammunition.

Then they started running to their car parked in the student parking lot. They outdistanced the guards, most of whom were still in sleeping bags, but were stopped by a campus patrolman.

Shirley Temple to be a UCLA Co-ed

Shirley Temple a UCLA Co-ed?

Maybe Shirley will change her mind when she grows up but those are the present plans for the cute little six year old movie star.

Mrs. Temple of Santa Monica recently wrote, "After High School she will decide upon a course at the University of California at Los Angeles!"

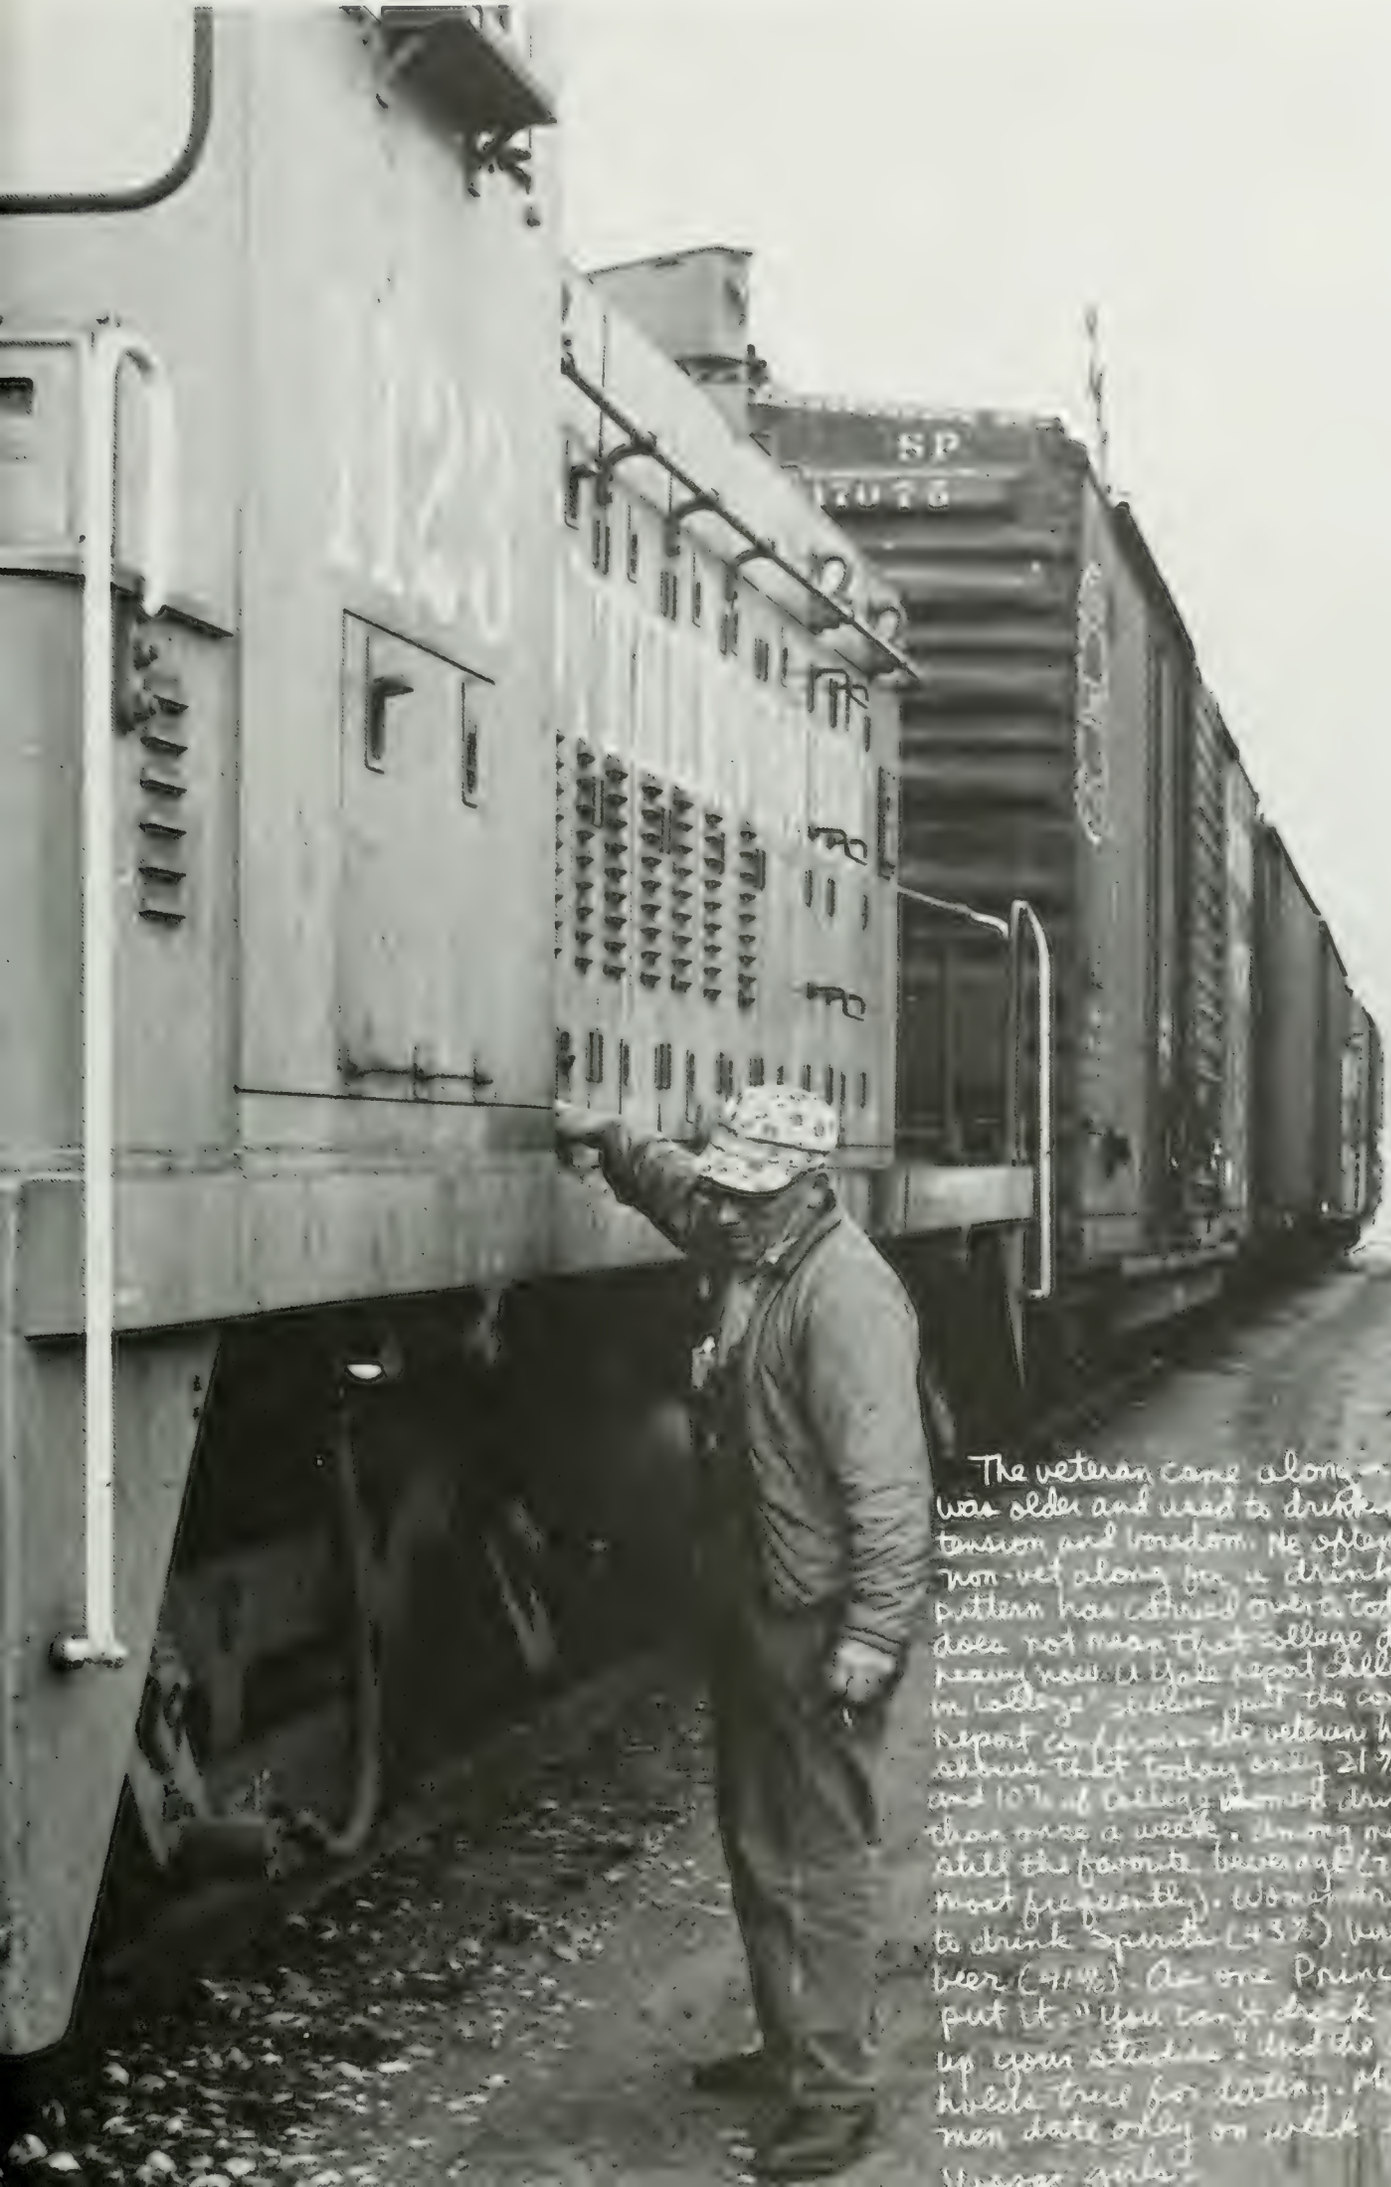

DAILY BRUIN
AUGUST 1935

Across the country, there is little urge among college students to set the world on fire — or even to change it much. When the older, tougher veteran of the second world war invaded campuses from 1946 to 1951 with the help of the G.I. Bill, colleges and their students got one of the biggest jolts of their lives. Classrooms bulged, the vets studied hard and played hard. From his viewpoint, sororities and fraternities looked silly; the cruel hazing of the 20's and 30's infantile. Now he has almost disappeared from the colleges.

Today's young people have revived some of the rah-rah spirit, but it's nothing like it used to be. The boys and girls still love their football, its cheerleaders, its bands, and its victories. But they are not brothers and under the coonskin with their predecessors

This does not mean that college drinking is nearing wane. It [illegible] report called "Drinking in College" studies just the contrary. This report confirms the veteran habits and it shows that today only 21% of college men and 10% of college women drink often than once a week. Among men, beer is still the favorite beverage (71% drink it most frequently). Women are more likely to drink Spirits (43%) but also take it beer (41%). As one Princeton man put it: "You can't drink and keep up your studies." And the same thing holds true for dating. Most Princeton men date only on week ends. So do Vassar girls.

Down With Egghead

Regent John Neylan, speaking last Friday, blamed the "present struggle in which this country finds itself involved" on the intellectuals existing on America's University campuses. Dressed in academic robes, he declared "You cannot go to any college campus without hearing about academic freedom. These intellectuals would have you believe that it is above all the old American values."

"In the old days, patriotism was an accepted thing. This feeling was attributed in a great degree to the teachings in our colleges and universities."

Neylan went on to say that the idea of academic freedom was imported in the 19th century after being "enunciated by a Prussian king."

He then turned back to the intellectuals and called them "Boobs at heart" who are peddling outworn philosophies which were obsolete centuries ago.

TO: R.R.

FROM: E.P.

SUBJECT:

Just a note to tell you that your "interest" in P.P. (so those smart-assed kids won't get wise) has dropped over ten points lately. Ron, we got to do something quick. The wife is having Pat and Dick over next week so she needs a new house. (Remember the beautiful duplex we got when you came over?) See if you can do something on this. I'd appreciate it.

Ed

MEMORANDUM

TO: C.H.

FROM: R.R.

SUBJECT:

Just got word of slight financial problems on this end, but nothing serious though. We just might have to junk journalism and speech to help compensate though. Some profs will definitely have to go. Try to take those whose methods don't really conform to my way of thinking. You know what that is. Start now on the prof cuts and I'll get back to you on the other things later. By the way, If journalism gets the shaft, I've got a fantastic idea on a new Regent-faculty lounge!

Bad news Chuck! No money ! That f---er, As----e, +"#$%&*! (pick one--you know him better than I do) R.R. ,(so those smart-assed kids won't get wise) has just given me word on the lack of funds. He probably just wants to buy all his old movies back from the hock shop. In any case, he says that you have to cut a few profs. He wants you to take those that don't conform to his way of thinking. What the hell does that mean? I'm glad it's not my decision. Good luck.

TO: Department Chairmen

FROM: C.H.

SUBJECT:

Due to the problem of limited finance there will have to be some kind of cuts made by your departments in the area of professors and teaching assistants. The order comes from up above so don't bug me with petty complaints. Bug the Regents. They have a habit of ruining quite a lot of things. By the way, it might be a good time to inform you that I recently received a letter telling me that I am taking a vacation at the end of this year. I don't even know where I'm going, but I expect that letter in a few days. (I hear Rock Butte, Montana is nice...) Get going on these Professor depletions, as I have enclosed a list of those professors "eligible" to "take a vacation". This list was also from higher up. I'm glad it wasn't my decision.

I regret to inform you of the termination of your contract as of the end of this quarter. The reason for this is a mystery to me, something about conforming to some pre-set standards of teaching or something. Nobody seems to know. I'm sorry. The only good news I can tell you is that the votes are in. Next week you will be receiving the Distinguished Teaching Award for excellance in the field of educational instruction. Sorry about that other thing. I'm glad it wan't my decision.

"the purpose of the child care center is..."

"... to create a community, an environment in which children and adults can all feel loved and cared for and have their uniqueness recognized as worthwhile human beings."

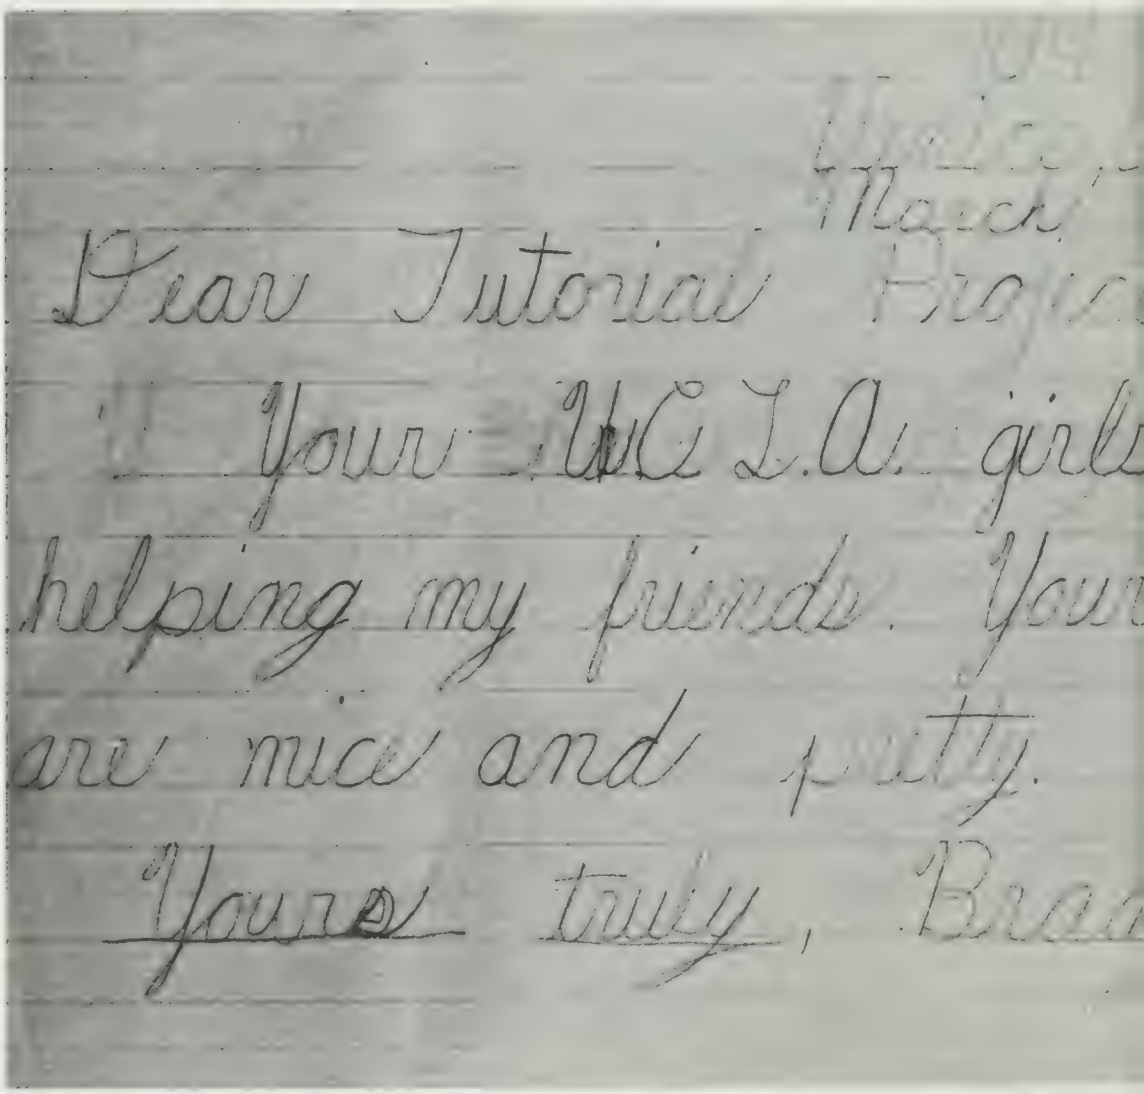

the student fund

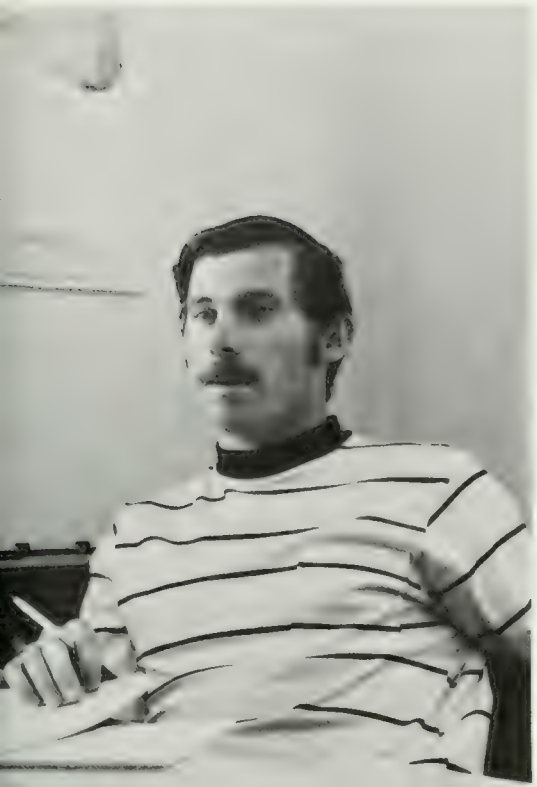

The student image in the business community isn't exactly golden. Nither is the lure of the business community as enchanting as it used to be for students. With this in mind, the Alumni and Development center, working with the Undergraduate Students Association, set up the UCLA Student Fund last year.

With over 120 volunteer students, the Fund goes out into the community seeking financial support from business executives for the support of student initiated and operated, community oriented projects; like the Venice Pre-school, the Office of Environmental Studies, or the Government Internship Program, all funded from parts of the $50,000 the UCLA Student Fund has raised in less than 12 months.

It is an effort in community relations; improved understanding between students and business and an important method of aquiring community interest and support for our programs.

Bob Elias,
traditionally known for his refreshingly satirical campaigns for student body president, is to be commended for his startling success as chairman of this year's ASUCLA Speakers' Program.

Operating at the lowest cost for any Speakers' Program, Elias has presented 27 speakers to students in slightly more than one quarter - three fewer than the total for all of last year. More importantly, the invited speakers have apparently been relevant to the concerns of students here, as Elias has broken all previous yearly attendance records during his short reign as chairman.

Speakers

My Agnewgrams have never failed me. Through them I understand his essence. Allen Sherman

I think it is fair to say we have lost much of what America stands for in the jungles of Southeast Asia. Senator George McGovern.

I came here today because I have confidence in the American people, and a majority of people in this country think right.
Senator Strom Thurmond

The question is, are we intelligent and understanding enough to demand that science and technology take us out of this mess.
Senator Mike Gravel.

If all the Jewish respectable groups were lain end to end, there'd be no end to them. Rabbi Meir Kahane

The crux of the fallacy is that Arab leadership so far has not acknowledged for others what it so rightly demands for itself. Abba Eban

If there's the continued escalation of freedom of speech and press, its possible that the pinnacle may be reached and we'll go back to the dark ages. Erskine Caldwell

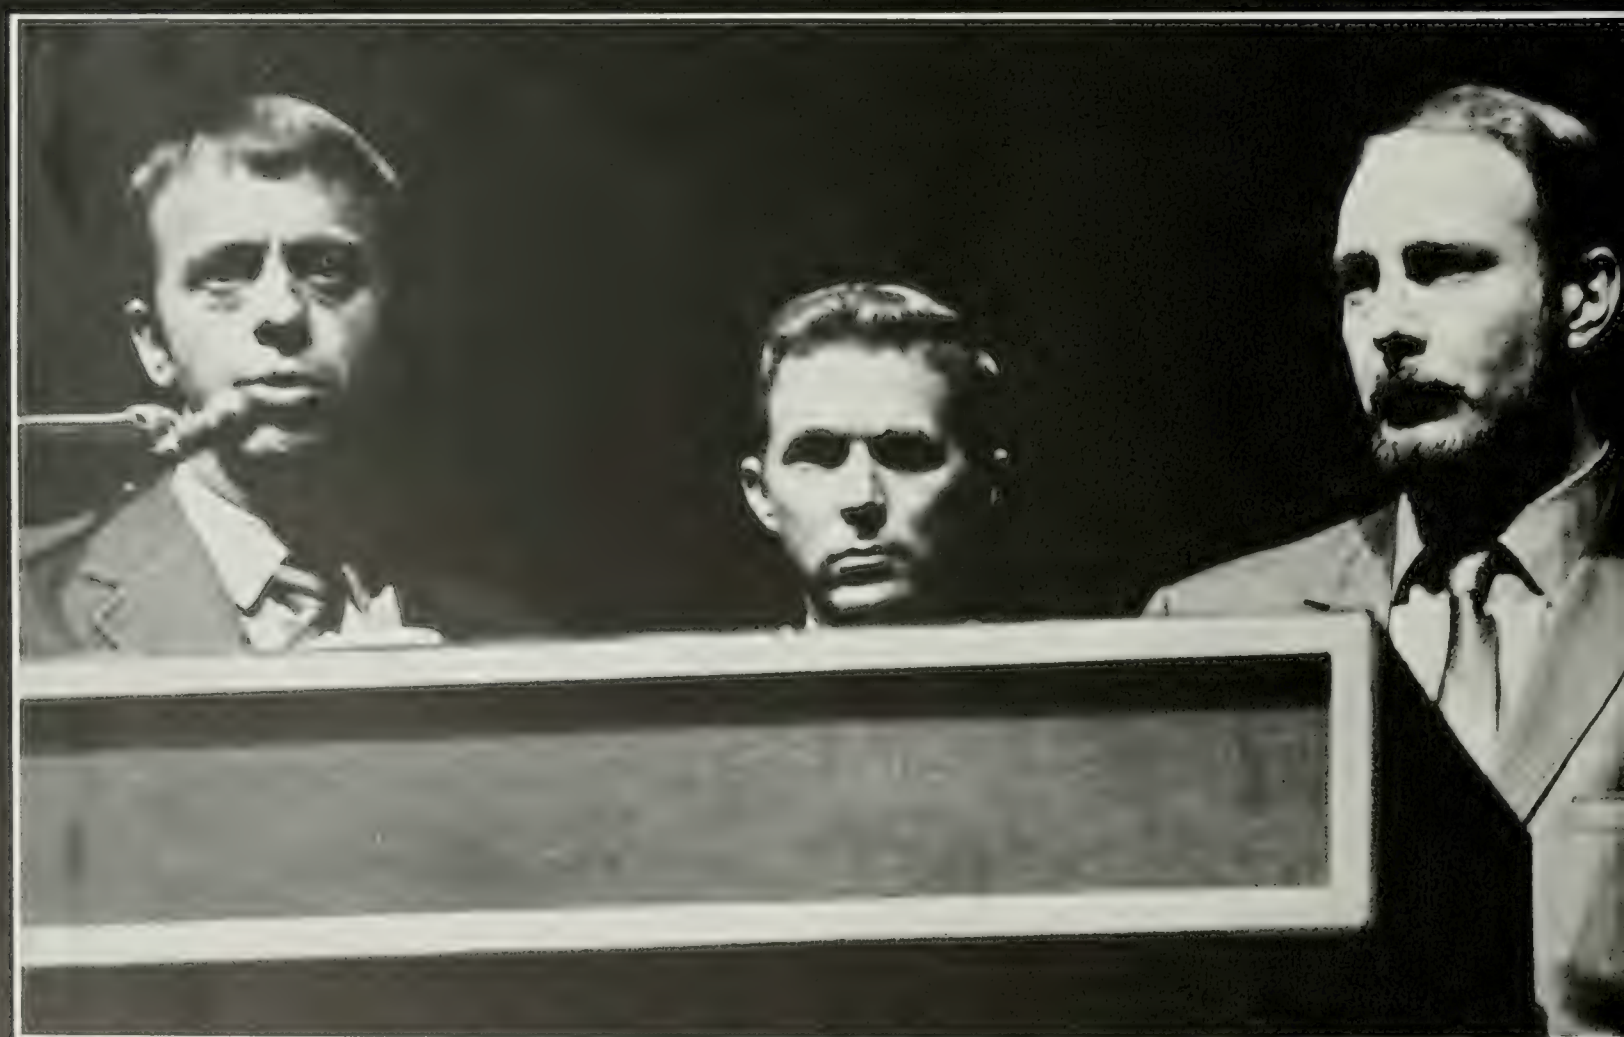

If you want a serious speech invite Agnew. If you want laughs invite Al Capp. Al Capp

"Yoga..... yoga! Yoga, yoga; yoga.... yoga?" Peter Max

Alan Shepard Stuart Roosa Edgar Mitchell

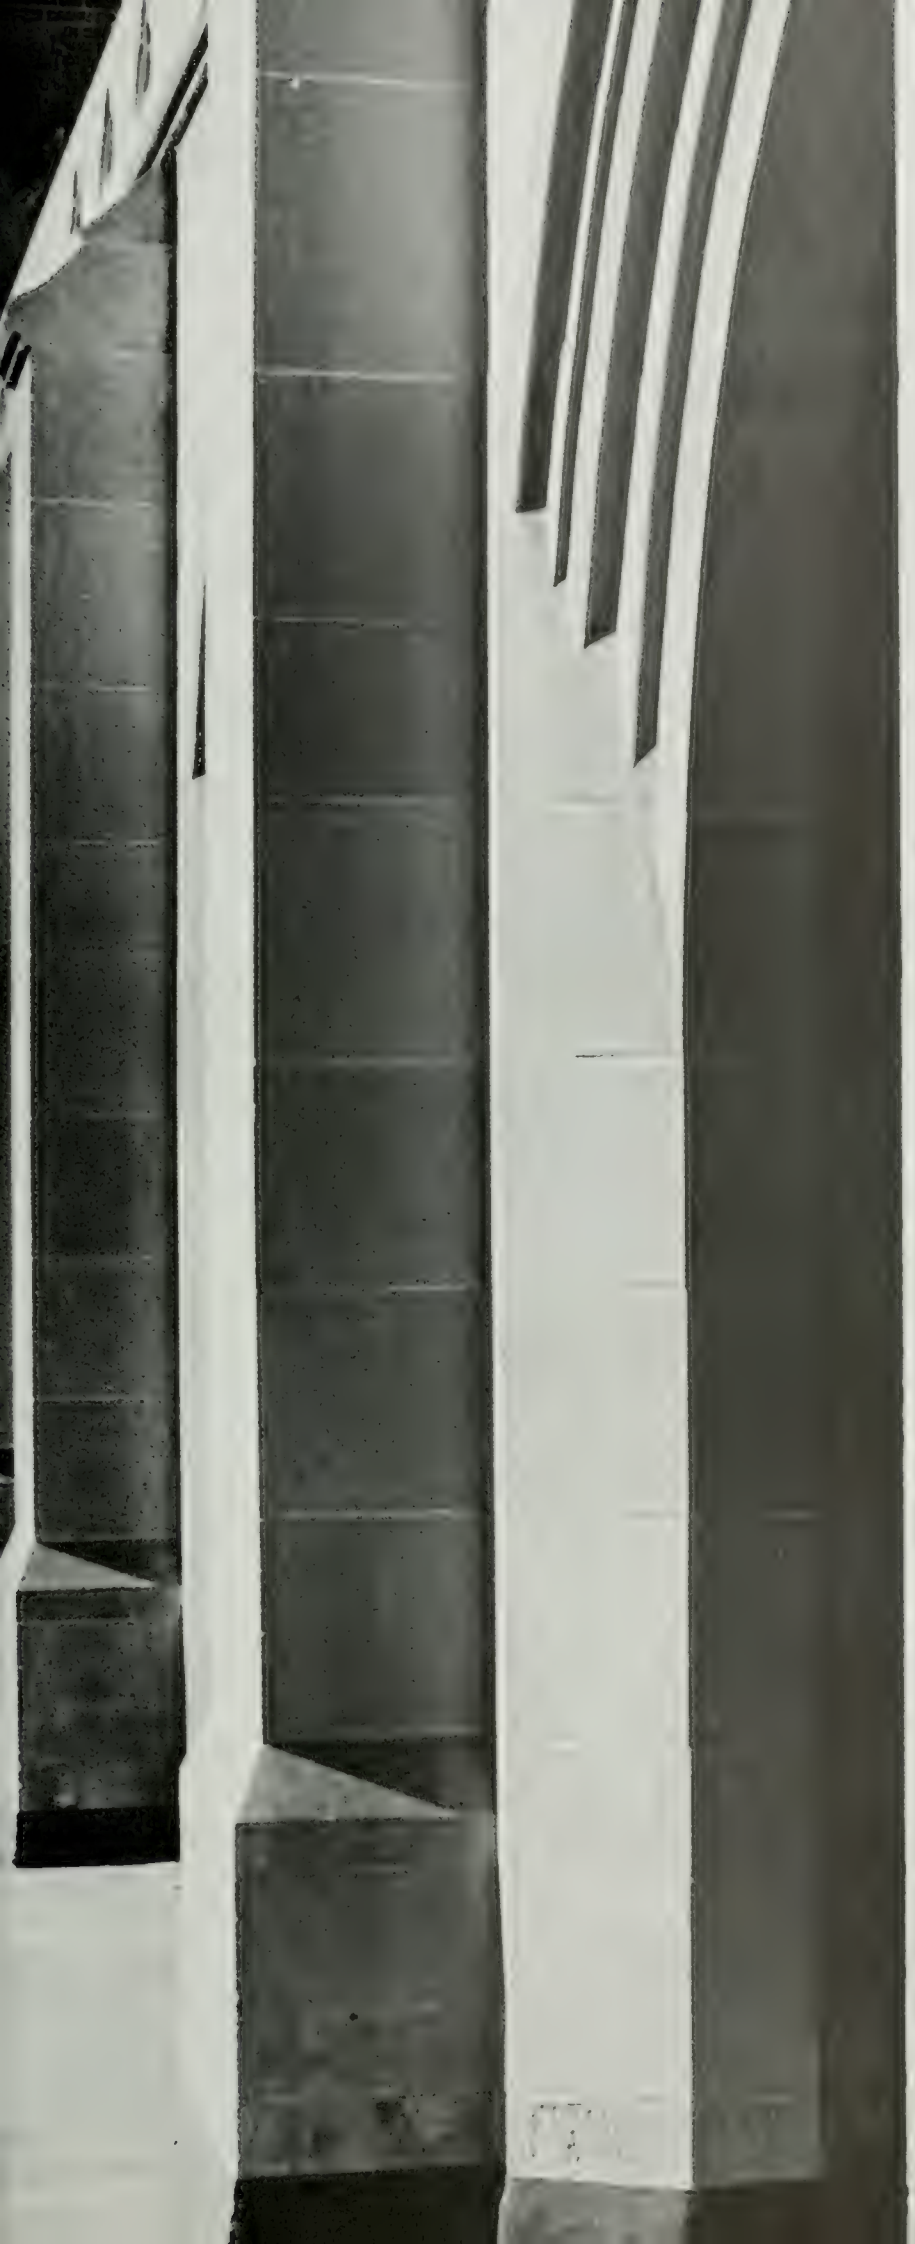

On March 30, Alan Shepard and Apollo 14 crewmates Edgar Mitchell and Stuart Roosa appeared at Royce Hall here, and spoke to a capacity audience. Asked how they justify the billions spent on space when funds might more urgently be needed by welfare, they replied that over thirty per cent of the tax dollar is devoted to welfare now while 1.6 percent goes to the space program. Taking that 1.6 percent and adding it to welfare would be "a drop in the bucket."

The grizzled old man slowly caressed the old fishing pole as he took it from his. He sat. His face turned towards his only love, the sea. For many years this pier had worn his shoes thin. The pier under his feet was partially his own doing. He had cut the trees that were used as the pilings. They sure are lasting a long time. And he watched as the forrest grew back. He watched as the people, the families, the businesses took over.

His hunched form rambled over to the bait tank. He paid his nickel and took a tiny fish. Only one. He walked to his favorite spot on the pier, baited his hook and gave it to the water. He rubbed his stubble and settled back. The line gave a tug. Fourth time.

Honor Senior Ann Haskins. Editor in Chief - Daily Bruin (1966-1971); Chancellor's Commission on Student Press (1970). Poor People's Campaign (1968).

"But glory doesn't mean 'a nice knock-down argument,'" Alice objected.

"When I use a word," Humpty Dumpty said in rather a scornful tone, "it means just what I choose it to mean - neither more nor less."

"Do you know what this country needs today? A seven cent nickel... If it works out, next year, we could have an eight-cent nickel. Think what that would mean. You could go to the newsstand, buy a three-cent newspaper and get the same nickel back again.
One nickel carefully used would last a family a lifetime!"

Subject: University Police, Cadet Training Program
Time: One Thursday morning .... early.
Place: Lot E, level 4, west end.
Why are fire engines red ?
Sir:
Fire engines are red because
one plus one is two
two plus two is four
four plus four is eight
eight minus two is six
six plus six is twelve
there are twelve inches in a rule
Queen Mary was a ruler
Queen Mary is also a ship
ships sail in the ocean
fish swim in the ocean
fish have fins
Finns fought the Russians
Russians are red
fire engines are always rushin' around
and that is why fire engines are red.
Sir.

"To some people, a four-year college education suggests little more than studying, homework, exams, and grades. To me, however, college has been a time for exploration and discovery. While expanding my interests both inside and outside the classroom, and supporting group activities sponsored by the campus and the community, I have had many fulfilling experiences and have made many treasured friendships.

I am deeply honored to receive this award."

hello my friend
so happy to see you again
i'm so alone
all by myself
just couldn't make it.

have you heard baby
what the winds blowing down
have you heard baby
a lot of peoples coming right on down.

communication is coming on strong
it don't give a damn baby
if your hair is short or long

i said get out of your grave
everybody is dancing in the street
do what you know don't be slow
you gotta practice what you preach
cause it's time for you and me
come to face reality.

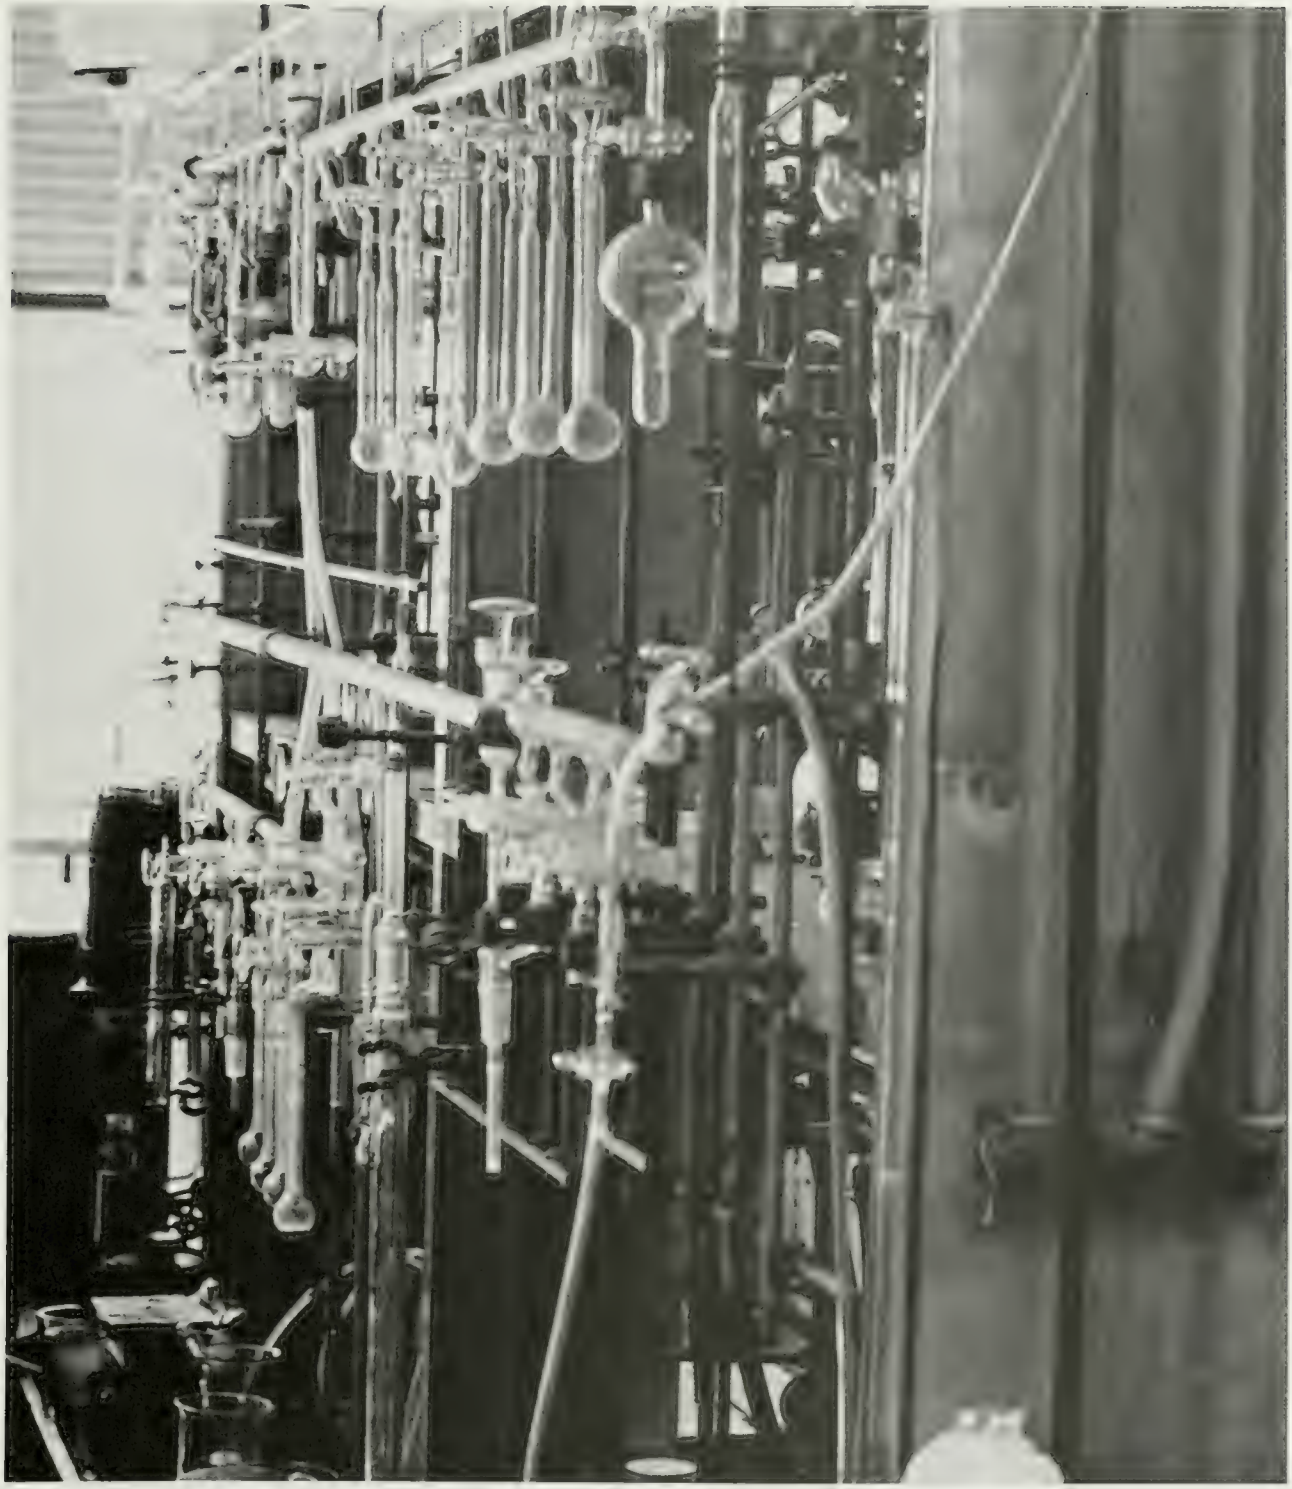

forget about the past baby
things ain't what they use to be
keep on straight ahead.

we got to stand side by side
we got to stand together and organize
they say power to the people
that's what they're screamin'
freedom of the soul
pass it on, pass it on to the young and old.

you got to tell the children the truth
they don't need a whole lot of lies
cause one of these days baby
they'll be running things.

so when you give them love
you better give it right
woman - child - man and wife
the best love to have is the love of life.

hello my friend
so good to see you again
been all by myself
I don't think i can make it alone
keep pushing ahead.
